The following paragraph from the United States of America, Jackson Mississippians shows to what Robert Mitchell and Jas etraits the papers in rebeldom are driven. It says: "One of our exchange from Louisiana comes to us printed on the inside of ordinary wall paper. The paper looks quite respectable on the printed side, but upon opening it, your eyes are greeted with all sorts of figures and colors, which printers type never had any part in stamping. We presume the proprietor of that paper intends to furrish his subscribers with enough of wall paper to ornament their rooms, thus rendering his sheet doubly valuable.
